Dear Residents,

The form you are receiving is to notify you of a water violation due to a paperwork error. The wrong address was listed for our water testing sites. The error has been corrected and we now have the sample spots identified with the State of West Virginia. The samples that were sent out came back normal.

The attached information is also on our website at www.benwoodwv.com

Thank you,

Gary Williams Water/Wastewater Supervisor

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
MONITORING REQUIREMENTS NOT MET FOR**

BENWOOD WATER DEPARTMENT, WV3302618

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 1/1/2020 and 12/31/2020, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
27, MONITORING, ROUTINE (DBP), MAJOR Failure to monitor/report Haloacetic Acids (HAA5s) System completed sampling requirement incorrectly	1/1/2020 to 12/31/2020

What happened? What is being done? (Describe corrective action)

Sample location was wrong address.

We now have sample locations marked and approved by the State of West Virginia

For more information, please contact Gary P. Williams at 304-232-4300
(Contact name) (Phone number)
Or 430 Mains Street Benwood WV 26031
(Mailing address)

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
